

Sue's Flight Crafts

Cut, 2 long strips, one balloon shape, one square shape

- Place down the two long strips and tape down
- Place the balloon shape on top of the long stripes, by folding a bit of tape, and sticking it to the back of the balloon and press down.
- Place the rectangle onto of the strips near the bottom and tape
- Decorate

- Cut an elephant shape, does not have to be perfect. An ear, a set of butterfly wings, two short strips and some balloon shapes, and one longer strip.
- Tape down the elephant sideways, so it looks like the letter E, then place the ear on sideways, place the longer strip as the 'stick' that Sue sat on. Place the balloons in the sky, and attach the shorter strips from there to the elephant, underneath the ear and wings. Bend the wings a bit, and only tape one side to the paper to make them look like they are moving.
